

# The Little Red Hen

## Craft Instructions

### The H-en Family

You will need:

- Nest, hen and egg template (2 pages)
- Coloured paper or markers or crayons

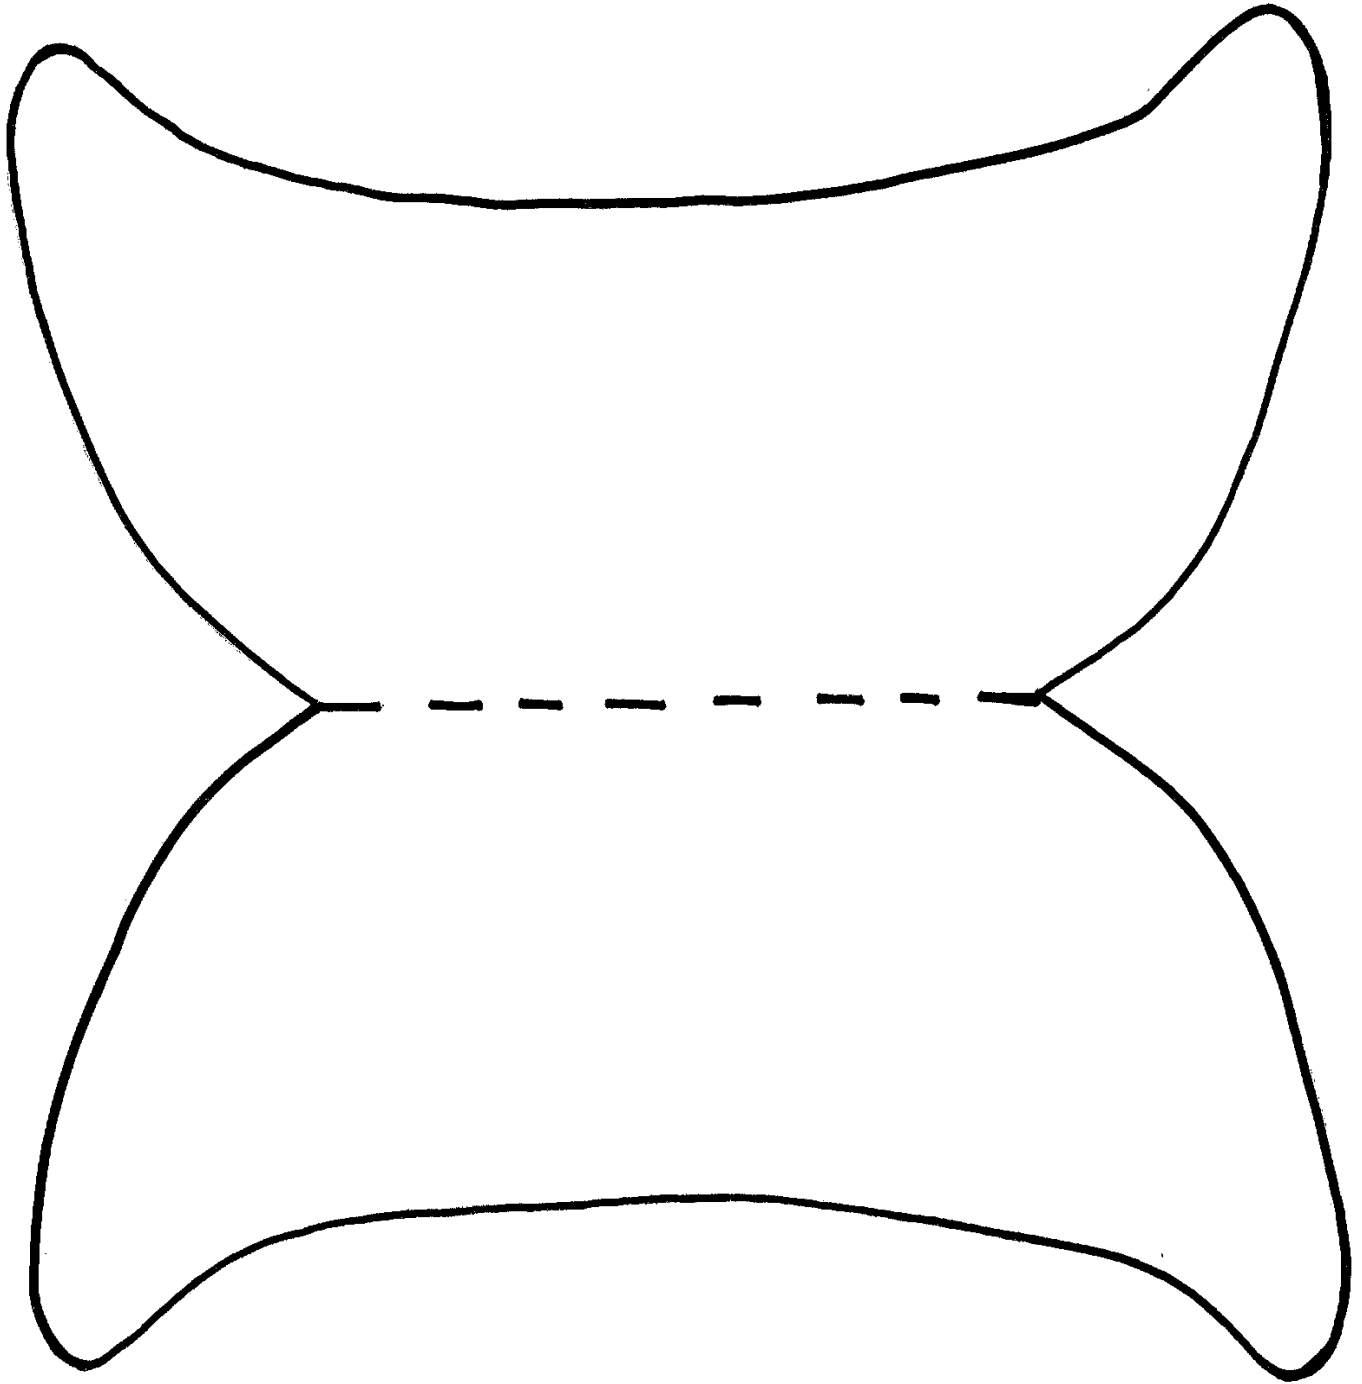

What to do:

1. Print nest, hen and egg templates.
2. If you have coloured paper, you can trace the templates on coloured paper and cut them out. Or you may choose to just colour and cut out the hen and nest.
3. Fold the nest on the dotted line and glue the sides only together. Leave the top open and sit the hen inside.
4. Trace and cut out several eggs.
5. Write a different –en word on each egg. How many can your child think of?
6. Put the eggs inside the nest.

***Words with the same ending sound are called a family  
just like the hens eggs will be her family when they hatch into chicks.***
