(Inspired by: [www.makinglearningfun.com](http://www.makinglearningfun.com))

You will need:

- Story Characters template
- big craft stick/paint stir stick
- Velcro

What to do:

1. Print, colour and cut out the characters.
2. Cut a hole in the bed on the dotted line.
3. Slide a paint stick into the slit.
4. Put a long piece of sticky backed Velcro on the paint/craft stick.
5. Put a piece of the opposite type of sticky back Velcro on each of the characters.

***Each character will now stick to the craft stick so you can retell the story.  
As each character goes to bed put them on the stick.***
